COOPER TELLS WHY TANLAC IS POPULAR

Because the Preparation Contains Real Merit. He Says in Statement

"If I have been successful with Tanlac," says L. T. Cooper, "it is because the preparation contains real merit.

"Tanlac is the result of many years of arduous study by my principal chemist. In fact, the two of us have carefully watched its development from the beginning of the experiment and tests to its present high state of efficiency. "In cases of catarrhal affections of the mucus membrane, stomach, liver, and kidney complaints, I believe there is nothing so far discovered that will equal the action of Tanlac.

"Ever and anon someone suggests something that may tend to better our conditions, whether it may appertain to our health, our business, or our sociological state. It has, therefore, been my pleasure this time to offer to the world Tanlac.

"When I came to Louisville, I stated that the success of the medicine would be as great in this city as it was elsewhere. I offered Tanlac upon its merit, knowing full well that it would prove satisfactory if properly tested.

"The success the preparation has achieved here in Louisville is ample evidence that my confidence in Tanlac is well placed.

"A large percentage of your best people are now using the preparation, and they are daily testifying to its excellent worth as a medicine of exceptional value in instances of catarrh, stomach, liver, and kidney derangements, nervous debility, and in cases where a superior tonic is required.

"It is true that the demand for Tanlac has been large, but no larger than I had expected. Louisville is only awakening to an appreciation of the full value of such a preparation. Tanlac's success in your city will be even greater.

Tanlac, the premier preparation, is being introduced in Barbourville Ky. at Herndon Co's Store.

Confirmed Statement

Evidence Barbourville Readers Will Appreciate

Don's Kidney Pills have done splendid work in this locality. Have merited the unqualified praise they have received.

Here's evidence of their value that none can doubt. It's testimony from this locality twice told and well warranted.

Such endorsements are unique in the annals of medicine. Should convince the most skeptical Barbourville reader.

N. Watkins, Main St., London, Ky., says: "I had been troubled for years with my kidneys. I couldn't bend without suffering from sharp twinges through the small of my back. The kidney secretions were too frequent in passage and I know my kidneys were causing the trouble. Don's Kidney Pills rid me of the trouble." (Statement given Mar. 23, 1908).

Over Three Years Later, Mr. Watkins said: "Since being cured by Don's Kidney Pills, I have had no sign of kidney trouble."

DREAM OF WEALTH COMES TRUE
Poor Little Girl is Awarded \$16,000 for Her Invention.
Boston, Mass.—To be a poor little girl with the poor little girl's dream of money by becoming a princess with untold wealth and then to suddenly find that the reality part of the dream has come true, is the experience of 15-year-old Josephine Romano.
Josephine's dream of wealth came true when she was awarded \$16,000 by a jury for her invention sustained several years ago when she was hit and tripped by a live wire which was dangling from one of the Boston elevated poles. She was so severely burned about the face and hands that the marks will remain on her body for life.
"It is so much money that I don't know what to do with it," she said. "I think I'll put it in the bank and then be a real lady."

ITS FISH, SNAKE OR A LIZARD
Resembles a Four-Cornered Kite and Breathes Through its Gills.
Ehannel, Ind.—A strange creature, resembling a four-cornered kite, which might be attributed to fish, snake or lizard, has been placed on exhibition in a business house here. No one has found a name that seems to fit the animal, or reptile, which was caught by Grant Hooper and Carl York, fishermen.
The body of the creature is twelve inches long, and in shape resembles the old-fashioned four-cornered kite. The head, in form, is like a snake's, but the resemblance ends there, for four sharp tusks protrude from the mouth. Apparently the creature breathes through gills similar to those of a fish. The horns and ears, which follow closely the form of the human ear, give a peculiar appearance to the head. The skin or hide is black and white in color.

Mathematical Discovery.
According to an Italian mathematician, every person in the world could stand comfortably in an area of 509 square miles, while a graveyard about the size of Colorado would bury all of them.

There is more caught in this section of the country than all other diseases put together, and used the last few years was supposed to be scorable. For a great many years doctors pronounced it a fatal disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Cardui to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 to 20 grains four times a day. It acts directly on the blood and mucous surfaces of the system. They offer one-dollar bottles for any case it fails to cure. Send for circulars and testimonials.

SNEEZED OUT A WAR SOUVENIR
Leadon Pellet Man Had Carried Since the Hot Time at Gettysburg.
Newton, N. C.—After carrying a bullet in his head for fifty years, or ever since the battle of Gettysburg, Calvin Cook, a Confederate soldier living in Catawba County, N. C., has sneezed from his nose a leadon pellet commonly called "backshot." He was wounded in the head at Gettysburg and eventually recovered from the wound only to be troubled many years by what was designated as some sort of growth in his nasal passages. During a recent sneezing fit he "blew" his nose with uncommon vigor and out rolled his souvenir of the greatest battle of the Civil War. His nasal trouble vanished when the "growth" rolled out.
